CAREER OBJECTIVE

Passionate about using data and AI to solve meaningful problems, I'm looking to start my career where I can turn complex data into smart solutions. I aim to grow my skills in analytics and machine learning, contribute to impactful projects, and keep learning in this exciting, ever-evolving field.

EDUCATION

Swaminarayan University, Gujarat	2023 - 2026
<ul style="list-style-type: none">Diploma in Computer Engineering	
Tops Technologies PVT.LTD	(Ongoing)
<ul style="list-style-type: none">Data science	

INTERNSHIP

Brainy Beams Technologies

Sept 2024 (15 days)

- Successfully completed a hands-on internship focused on Web Design using React JS, building practical skills in modern front-end development.
- Worked on live projects, applying React concepts such as components, props, and state management to create responsive web interfaces.
- Gained exposure to professional development practices, team collaboration, and improved problem-solving skills in a real company environment.

TECHNICAL SKILLS

- Programming: Python (NumPy, Pandas, Matplotlib, Seaborn)
- Data Analysis & Visualization: Excel (Pivot Tables, Dashboards), Power BI
- Data Manipulation: Cleaning, transforming, and visualizing datasets
- Soft Skill: Communication, Problem-solving, Critical Thinking

PROJECT - CASE STUDY

Excel Dashboard:- Created an interactive dashboard on Superstore data, showcasing key metrics such as sales, profit, and top-performing categories, using pivot tables, slicers, and charts

Power BI Projects:- Developed 2 data visualization projects using Power BI, with dynamic reports and DAX calculations for actionable insights.

ADDITIONAL INFORMATION

- **Languages:** English, Hindi, Gujarati
- **Certifications :** Jack Computer (kalol), C/C++
- **Certifications: Brainy Beams Technologies**, React JS (Web Design) (September 2024)
